

Savour Foods is known for the most effective system of quality control. This is why Savour Foods is popular among twin cities of Rawalpindi & Islamabad. Thank God our customers are attached with Savour Foods since 1988, when it was inaugurated at Gordon College Road, Rawalpindi.

We extracted this taste from the proliferation of Allah's Blessings, added all the nutrition of the world to it, packed them in respectable packing's, put a very affordable price tag on it and named it **“SAVOUR”**.

It is a pure Pakistani dish known everywhere the Pakistanies are residing. We are proud in promoting Pakistani cultural heritage with quality being not compromised on anything else. We deliver our customer prompt and friendly service to feel them at home. This is the reason why we have become the important part of celebrations and events. Enthusiastic team work is the key to this success.

Savour Foods has proved to be one of the most progressive business entities in the recent year. After 18 years of hard work, Savour Foods inaugurated its branch at Jinnah Avenue Islamabad and afterwards inaugurated a branch at Pindi Cricket Stadium. With four outlets operating in twin cities, Savour Foods has increased its human capital around 100% in last decade. It has also been contributing heavily to Governmental revenues by paying taxes. Savour Foods turnover has reached 300% as compared to its early years with an investment rate of 16.5%. This depicts the enormous investment opportunities available in Food industry in Pakistan.

We have been honoured with 23rd RCCI achievement award in 2010. Besides we take active part in social charity work.
